

Do you have **Multiple Sclerosis** and are looking for a new way to possibly improve fine motor skills?

Join our research study!

6 month time commitment

- 3x weekly study visits in the first month
- Single follow up visits at months 2, 3, and 6

Must be 18-65 with relapsing-remitting MS.

Each study visit includes clinical tests to measure movement and surface stimulation of the ear.

Compensation is provided for your time.

If you are interested in screening for this study, please reach out to
the study coordinator: Adrienne Ellett
