

Women's Health Research: Are you planning to begin taking an oral contraceptive?

Volunteers needed for a 6-month study on the effects of
using the Sprintec contraceptive

What you will receive:

- Assessment of body composition
- Study visits for metabolic assessments occur at the start of the study and 3 and 6 months later
- Up to \$300 in compensation provided

To be eligible to participate you must:

- Be a pre-menopausal woman between 18 and 40 years old
- Have a BMI between 25-45 kg/m²:
 - Check your BMI here:
<http://www.nhlbi.nih.gov/guidelines/obesity/BMI/bmicalc.htm>
- Not currently using a hormonal form of birth control
- Be willing to initiate the Sprintec contraceptive pill
- Be generally healthy
- Be a non-smoker

In order to enroll all participants must meet specific criteria. The criteria listed above is only a partial list of all the requirements to participate in this research study. Only a clinical research staff member can determine eligibility.
