

A clinical research study for people with heart disease, kidney disease, or both.

TRIUMPH-Outcomes

TRIUMPH-Outcomes is a clinical research study for people with heart disease, kidney disease, or both.

The study will test if the investigational medicine (a medicine being studied) may help reduce the risk for heart disease and kidney disease on top of the standard of care treatment.

THE PERSON DEPICTED IN THIS ADVERTISEMENT IS A MODEL AND THE IMAGE IS BEING USED FOR ILLUSTRATIVE PURPOSES ONLY

Can I join this study?

Yes, you may be able to join the research study if you:

- Are aged 45 years or older
- Have either or both of the following:
 - heart disease
 - kidney disease
- Do not have type 2 diabetes, or have type 2 diabetes and your hemoglobin A1c level is 10% (86mmol/mol) or lower
- Have a BMI of 27 kg/m² or more

BMI stands for body mass index. It is a number that compares a person's weight to their height.
