

Parent Management Training (PMT) Study is seeking volunteers

This study aims to see if 12 sessions of PMT can decrease irritability in children ages 10-14.

Compensation Provided

\$100 Amazon gift card

Participation involves:

- A Pre-treatment Assessment on the Anschutz campus
- Weekly 30 to 50-minute parent training sessions for 12 weeks (in-person and virtual sessions available)
- Weekly homework including questionnaires and skill practice
- A Post-treatment Assessment on the Anschutz campus

COMIRB No: 23-0065
PI: Joel Stoddard

Your child may be eligible if:

- 10-14 years old with irritability
