The University of Colorado Anschutz Medical Campus is looking for interested adults 60+ to participate in a research study examining how inflammation influences memory and thinking. Data gathered from this study will be used to better understand how inflammation may impact brain health and aging outcomes.

Participation involves two research visits over the course of two years. Compensation provided.

Procedures Include:
- Memory and thinking tests
- Health history questionnaires
- Blood sample
- Spinal fluid sample
- MRI of brain
- SARS-CoV-2 antibody test (results provided)

You may qualify if you are:
- 60 years or older
- In good general health
- Have NOT been diagnosed with a memory disorder

Please contact Neurology Research Partners at 303-724-4644 or NeurologyResearchPartners@ucdenver.edu to learn more.
